

# **MM&G** HEAVY STEEL FABRICATION

**MM&G, a premier steel fabricating & engineering group, supplying & servicing the Mining, Power & Construction industries, was established in 1973. GeoStott acquired ownership of the company in January 2005.**

**The company is situated in Boksburg East's industrial area. The fabrication plant spans a floor of 12000 sq. meters under roof. This work space is supported by 12 overhead cranes.**

**We have a full complement of salesman, estimators and draughtsman.**

**The main factory is divided into 5 bays to separate different projects and to ensure continuous workflow. Each bay consists of a prep, assembly, welding & fettling department.**

**MM&G is accredited with ISO9001:2015 to comply with requirements as listed in the Code of Practice. All work is in accordance with this Code**

## **PRODUCTION CAPABILITIES**

This division is situated in Boksburg East's industrial area and the fabrication plant spans a floor of 12000 sq. meters under roof. This work space is supported by 12 overhead cranes.

The factory is divided into 5 bays to separate different projects and to ensure continuous workflow. Each bay consists of a prep, assembly, welding & fettling department.

**BAY 1 & 3 –**  
Equipped with bandsaws, cropping machines & welding equipment  
**BAY 2 –**  
Equipped with a beamline, heavy duty guillotine & welding machines.  
**BAY 4 & 5 –**  
Specialised unit catering for unique customer demands in steel fabrication.

## PRODUCTS & SERVICES INCLUDE:

- Conveyers
- Pipe Racks
- Tanks
- Plant and Building Steelwork
- Structural Steel Fabrication
- Structural Steel Erection
- Girders for Train Wagons

## RECENTLY COMPLETED PROJECTS:

CUSTOMER	PROJECT	SCOPE	TONNAGE
Northern Platinum		Shaft Guides	150 t
Bhubezi	Mutanda	Structural DMS Fabrication	1600 t
	Lethtekane	Structural DMS Fabrication	460 t
	Etoile Copper Project	Miscellaneous Plant Steel	1357 t
	Limeco Project	Buildings & Structural Steel	300 t
	Tenke Acid Plant Project	Structural Steel	400 t
	Mumi Project	Miscellaneous Plant Steel	1200 t
DSE	Medupi Power Station	Flue Can Fabrication	2500 t
Mitsubishi Hitachi Power Africa	Medupi Power Station	Pipe Racks & ID Fan Steel	1900 t
	Kusile Power Station	Pipe Supports & Structural Steel	1500 t
	Medupi Power Station	Ducting & Square to Round Plate Work	1500 t
Vanchem	Conveyors Project	Maintenance & Repair Conveyors	Site Work
MSC	Expansion Project	Warehouse Expansion	Site Work
South Deep	Vent Shaft	Headgear	1370 t
Black Mountain	Black Mountain	Shaft Steelwork	300 t
Shaft Sinkers		Shaft Shutters & 5 Deck Stage	850 t
ABB	Grootegeluk	80 Ton Cage & Man Cage	250 t
Transnet Rail Engineering		Wagon Sill Beams (Plate Girders	2500 t
Alstom	Kusile Power Station	Structural Steelwork, Ducting & Absorber Steelwork	2750 t
Nkomati Mine		Tanks	450 t
Span Africa		Plate Girders	500 t
Macsteel		Fabricated I-Beams	350 t
